For more detail please visit [www.bolpatra.gov.np/egp](http://www.bolpatra.gov.np/egp) or Rani Jamara Kulariya Irrigation Project, Tikapur, Kailali or Rani Jamara Kulariya Irrigation Project, Unit Office, Department of Water Resources & Irrigation, Jawalakhel, Lalitpur.

**Attention!!!** All eligible bidders are highly requested to visit the Site before submitting their bids to assess the urgency of the proposed River Training Works. The proposed works include the construction of embankment protected with Big Boulder dumping and concrete block revetment and aim to close the breach section of Karnali River Bank at Shahipur from where Karnali River flow entered into the Tikapur area during the last Kartik, 2078 flood and caused huge damage of property and life. Failing to construct the proposed embankment before upcoming monsoon (Jestha 2079) may change the main course of Karnali River and thereby may cause loss of human life and property.

Project Director
